

Announcement No. 1 of 12 January 2026

Fantasy & Magic Con – a new celebration of fantasy culture in the heart of the capital

Great news for Polish pop culture fans. On **11–12 July 2026**, the first edition of **Fantasy & Magic Con** will take place in Warsaw — a brand-new event aimed at enthusiasts of fantasy and pop culture, covering literature, comics, manga and anime, games, films, TV series, and cosplay. The venue for the event will be **Tor Służewiec**, one of the largest event spaces in the capital.

Fantasy & Magic Con is a two-day convention bringing together various areas of contemporary fantasy and pop culture. The program will include, among others, panel discussions, thematic workshops, contests, and meetings with creators and guests. The event will feature numerous themed zones dedicated to books, comics, manga and anime, games, films and TV series, as well as cosplay.

The organizers announce a program designed both for people just beginning their convention journey and for experienced participants of pop culture events.

During Fantasy & Magic Con, more than **20 invited guests** connected with the worlds of fantasy, pop culture, and media will appear, including actors, writers, screenwriters, illustrators, cosplayers, and gamers. Guests will take part in panel discussions, author meetings, Q&A sessions, and special events prepared specifically for convention participants.

A significant place in the program will be held by **special guests**, namely actors known from comic-based productions. The organizers confirm the presence of at least two actors — the first will be announced in January and is associated, among others, with TV series based on the **DC Comics** universe. The actors will participate in meetings with the audience, during which they will talk about behind-the-scenes work on well-known productions.

The announcement of the first special guest is planned for the end of January and will launch a series of further reveals leading up to the event. The second special guest will be announced last — according to current plans, in May.

Ticket sales for Fantasy & Magic Con will begin on **29 January** via **ToBilet**. The ticket pool is set at **10,000 tickets**. A Saturday ticket will cost **79.99 PLN**, a Sunday ticket **64.99 PLN**, a two-day ticket **129.99 PLN**, and a two-day early-access ticket **149.99 PLN**.

Detailed information about the event, program, tickets, and guest list is available at **fantasymagiccon.eu**.
